

Job Title: Shopify Designer

Job Summary:

We are seeking a talented **Shopify Designer / Front-End Developer** to join our growing team. The ideal candidate will be responsible for creating visually appealing and highly functional Shopify stores. You will design and develop user-friendly front-end solutions while ensuring responsive and optimized e-commerce websites.

Key Responsibilities :

- Design and implement visually appealing Shopify store layouts, themes, and templates.
- Customize Shopify themes to align with client branding and business requirements.
- Collaborate with project managers and developers to create intuitive and responsive user experiences.
- Write clean, modular, and reusable code using HTML, CSS, JavaScript, and Liquid.
- Optimize website performance for speed and SEO compatibility.
- Troubleshoot design and front-end functionality issues and provide solutions.
- Research and implement the latest trends in web design and Shopify capabilities.
- Maintain brand consistency across all design elements.

Required Skills and Qualifications :

- Preferably IT background / Computer Engineering
- 1 - 6years of proven experience as a Shopify Designer.
- Strong expertise in Liquid, Shopify's templating language.
- Strong expertise in HTML, CSS, JavaScript, and jQuery.
- Knowledge of responsive design principles and cross-browser compatibility.
- Experience with graphic design tools like Adobe Photoshop, Illustrator, Figma, XD.
- Familiarity with Shopify apps, themes, and APIs.
- Basic knowledge of SEO principles.
- Strong understanding of e-commerce and user experience (UX) design best practices.
- Ability to manage multiple projects and deliver within deadlines.
- Experience with Shopify Plus is a bonus.
- Understanding of web accessibility standards.
- Basic knowledge of version control systems like Git.
- Creative mindset with strong attention to detail.

Work Location: Surat and AHM (Onsite Only)

How to Apply:

- Email your resume to hr@dynamicdreamz.com.
