

Job Title: Technical Content Writer

Job Summary:

As a **Technical Content Writer**, you will be instrumental in enhancing our agency's online presence and effectively communicating our technical expertise to a global audience.

Are you a skilled and creative **Technical Content Writer** eager to join an innovative design and development agency? If you have a passion for technology, the ability to simplify complex concepts, and a talent for crafting engaging, informative content, we'd love to connect with you!

Key Responsibilities:

- Collaborate with a team of developers and UX designers to create a PHP-based web application.
- Produce high-quality, engaging, and informative content for our website, blog, social media channels, and other digital platforms. This includes articles, case studies, illustrations, and more.
- Translate complex technical concepts into easy-to-understand, reader-friendly content that resonates with our target audience.
- Content for search engines to improve organic visibility and drive traffic to our website.
- Work closely with our design and development teams to gather insights and information for creating compelling content that aligns with our projects and services.
- Stay up-to-date with industry trends, emerging technologies, and competitor content to ensure our agency's content remains relevant and competitive.
- Review and edit content for accuracy, grammar, and style to maintain a high level of quality.

Required Skills and Qualifications:

- 1 - 3 years of relevant experience required
- Mid-range of experience as a Technical Content Writer, preferably in the technology or Web/Mobile Apps design and development industry.
- Strong command of the English language with exceptional writing, editing, and proofreading abilities.
- Ability to grasp complex technical concepts and present them in a clear, concise, and engaging manner.
- Familiarity with SEO principles and best practices to optimize content for search engines.
- A creative mindset to craft compelling narratives and stories around our projects and services.
- A keen eye for detail and accuracy in all written content.
- Ability to adapt to changing priorities and work effectively in a fast-paced, collaborative environment.

Work Location: Surat (Onsite Only)
