

Job Title: MERN Stack Developer

Job Summary:

We are looking for a passionate and experienced **MERN Stack Developer** with 2 to 4 years of hands-on experience in **React.js** and **Node.js** to join our team. The ideal candidate will be responsible for developing full-stack web applications, building robust backend services, and implementing modern, user-friendly frontends. Experience with the **Remix framework**, especially in building **Shopify apps**, will be considered a strong advantage. This is a great opportunity to work with cutting-edge technologies in a fast-paced and collaborative environment.

Key Responsibilities :

- Design, develop, and maintain full-stack web applications using **MongoDB, Express.js, React.js, and Node.js**
- Build responsive and reusable front-end components using **React.js**
- Develop and integrate **RESTful APIs** with front-end components
- Optimize applications for speed, performance, and scalability
- Collaborate with UI/UX designers and backend developers to implement new features
- Participate in code reviews, write clean and maintainable code
- Troubleshoot and debug issues across the stack
- Use the **Remix framework** when applicable for performance and routing enhancements
- **Experience with building a Shopify app using the Remix framework** will be considered a strong advantage

Required Skills and Qualifications :

- Preferably IT background/Computer Engineering
- 2 to 4 years of experience with the **MERN Stack (React.js & Node.js)**
- Strong understanding of frontend architecture, REST APIs, and server-side development
- Proficient in JavaScript, HTML, CSS, and responsive web design
- Familiar with version control (Git), databases (MongoDB, MySQL, PostgreSQL), and state management tools (Redux, Zustand, etc.)
- Knowledge or experience with the **Remix framework** is a plus
- Excellent problem-solving skills and a collaborative mindset

Work Location: Surat or AHM (Onsite Only)

How to Apply:

- Email your resume to hr@dynamicdreamz.com.
- Use "MERN Stack Developer Application – [Your Full Name]" as the subject line.
