

## Job Title: React Native Developer

### Job Summary:

We are seeking a **React Native Developer** to design and deliver effective solutions by understanding the objectives of our services.

The ideal candidate should have experience with **REST APIs** and a strong foundation in **object-oriented programming**. If this aligns with your expertise, we'd love to connect with you!

### Key Responsibilities :

- The ideal candidate must excel in teamwork and have solid hands-on expertise in React Native for Android and iOS development.
- Leverage native APIs for deep integrations with both platforms.
- Knowledge of functional or object-oriented programming.
- Understanding of REST APIs, the document request model, and offline storage.
- Ability to write well-documented, clean Javascript code.

### Required Skills and Qualifications :

- Preferably IT background / Computer Engineering
- 1 - 6 years of relevant experience required
- Ability to create and maintain continuous integration and delivery of React Native applications.
- An understanding of React Native best practices and a commitment to following them.
- A positive mindset and can-do attitude.
- You work well within a team environment and enjoy working in the office with your colleagues.
- Forensic attention to detail.
- Creativity & innovation.
- Time-management skills.
- Problem-solving skills.
- Communication skills.

### Work Location: Surat (Onsite Only)

### How to Apply:

- Email your resume to [hr@dynamicdreamz.com](mailto:hr@dynamicdreamz.com).
- Use "React Native Developer Application – [Your Full Name]" as the subject line.
